

YOUR FREIGHT INSTRUCTIONS to PIY

Clear instructions avoid mistakes and confusion. Please complete this form and return it to your PIY operator to freight your belongings. It won't take long and will help you decide exactly what you want us to do before you go any further.

Remember to sign it. Nothing will happen without your signature.

Why can't I just phone my instructions through? Written instructions protect you from anything being misheard over the phone or misunderstood. This form is a great checklist and is actually faster than phoning in.

SPECIAL NOTE ON LOADING A SHIPPING CONTAINER:

For various reasons (such as access), not all residential addresses are suitable for the drop-off of a shipping container. In this case, your packed belongings will need to be transported from your home loose for loading at our premises. Should this apply to you, we'll advise you as soon as possible.
